What Parents Say

"Thank you so much to the camp organisers and all the teachers for their patience, care, and hard work. My child has improved a lot in Mandarin, enjoyed activities like boating, and loved learning stories such as Sun Wukong. The rich daily schedule made them want to join again next year. This was the first time they were away from us for so long, and on the way back to the hotel, they handled their own luggage independently — it felt like they had grown up overnight. They proudly showed us their completion certificate, keepsakes, and framed photos. Thank you again to all the teachers for making this experience so meaningful and fulfilling!"

"This camp offered such a variety of engaging and meaningful activities. It helped our children stay active, broaden their horizons, and develop independence and confidence. Since returning, my child has been speaking Mandarin almost constantly and can clearly feel the progress. We can already see that they are looking forward to the next camp. We sincerely thank the teachers for their dedication, which made this summer so memorable."
